

Whale Tails

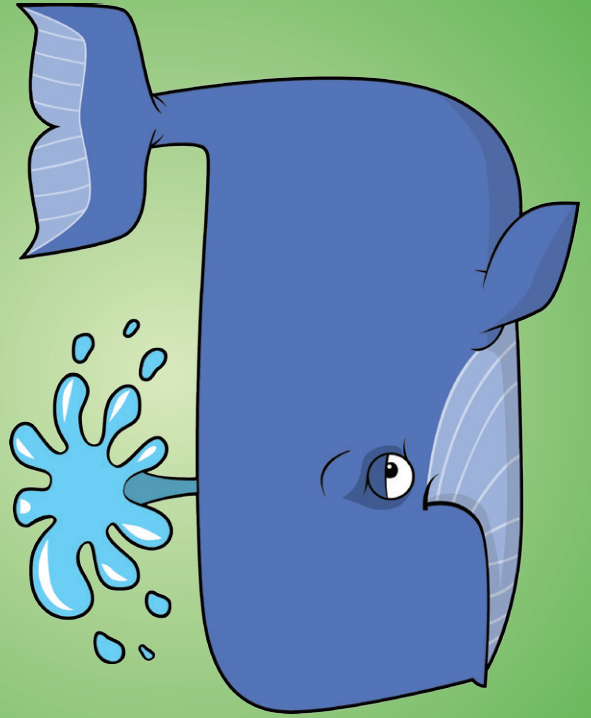

Whale Tails

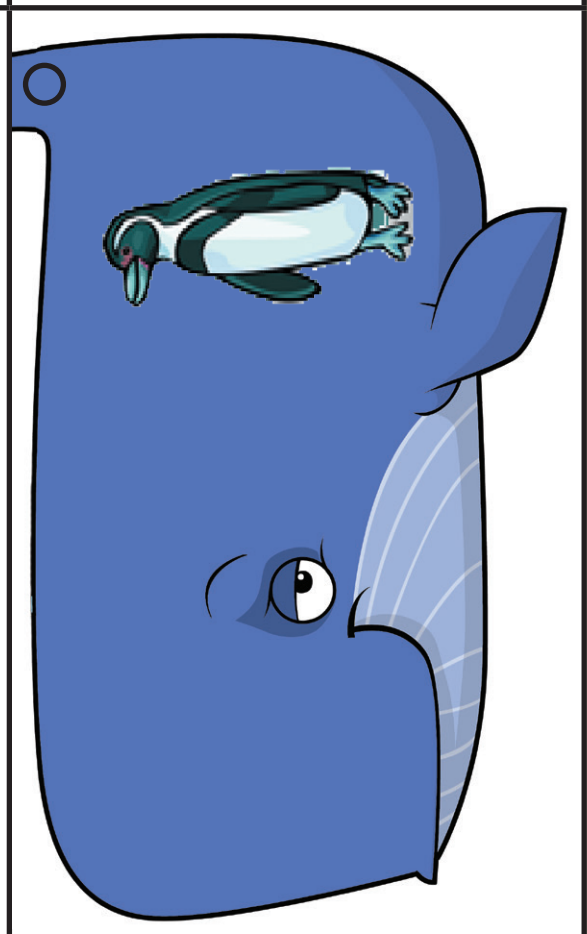

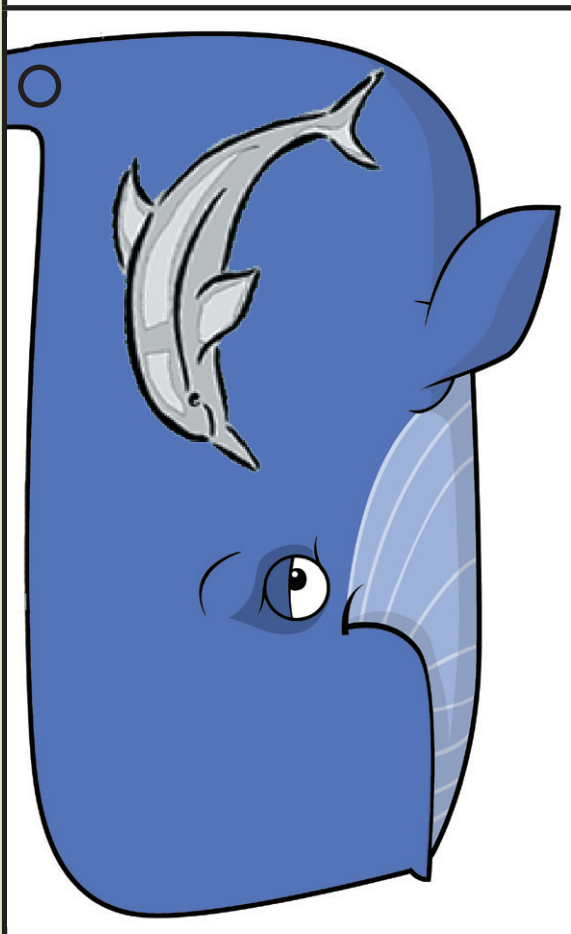

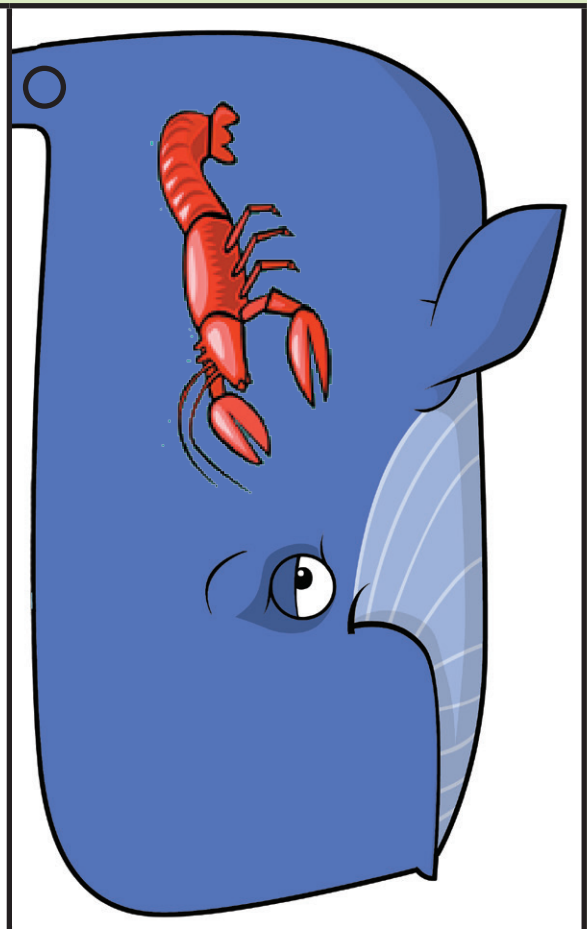

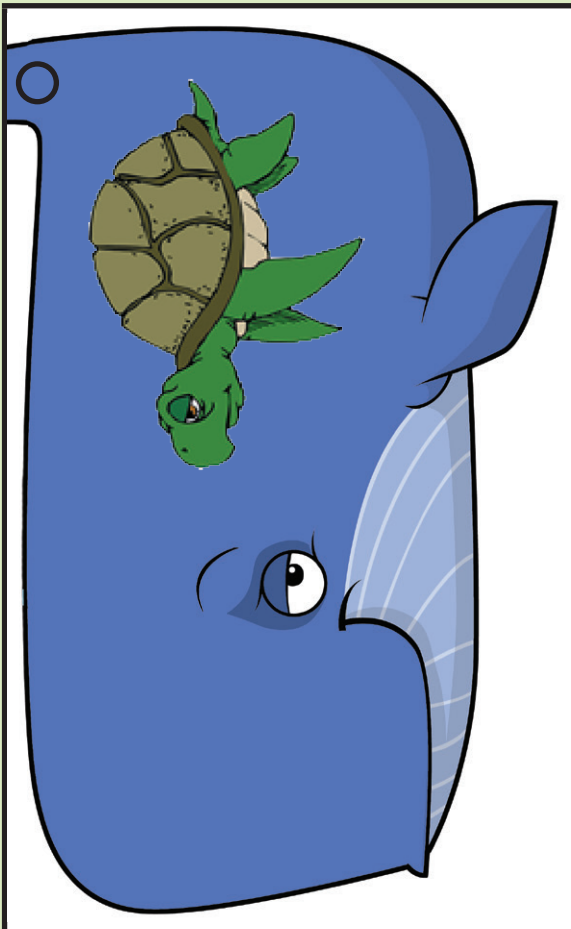

(Players 1–4)

1. Distribute the whale body cards with hidden tails equally amongst the players.
2. Place the blows in the middle of the group face down.
3. Take turns to choose a blow.
4. If the number of syllables on the blow matches the number of syllables in the picture on the whale, place it on top.
5. Check the number of syllables by pulling the tail from behind the whale's body. If it matches leave it on top of the whale. If it is not a match, return it to the middle of the group.
6. The first player to match all whales with a blow is the winner.
